

MyDay[®] daily disposable

High-performing 1 Day contact lenses
for demanding lifestyles.

You demand more from your contact lenses: Beyond clear, crisp vision, you insist on extraordinary comfort to help you stay on top of your high intensity lifestyle. MyDay[®] daily disposable contact lenses from CooperVision are our softest silicone hydrogel lenses ever. • They are also the world's first 1 Day contact lenses made with CooperVision[®] Aquaform[®] Technology to help keep your eyes looking clear and white and feeling comfortable all day long. With MyDay daily disposable, you're ready to take on your day.

The features you'll love

- The Aberration Neutralising System[™] is designed to enhance vision quality by minimising an optical imperfection[†] commonly found in eyes.¹
- Aquaform Technology locks in water—so you can have incredible comfort all day long—and helps your eyes stay clear and white, by delivering the oxygen your eyes need.[‡]
- UV blocker helps protect your eyes against the transmission of ultraviolet rays, helping support your eye health.[§]
- Convenient daily replacement schedule with no cleaning required, so you're always good to go.

* Compared among CooperVision 1 day silicone hydrogel contact lenses. Data on file.

† Spherical aberration.

‡ During daily wear.

§ Warning: UV-absorbing contact lenses are not substitutes for protective UV-absorbing eyewear, such as UV-absorbing goggles or sunglasses, because they do not completely cover the eye and surrounding area. Patients should continue to use UV-absorbing eyewear as directed.
